| <b>Fellowship Director:</b><br>Miss Christina Lipede  |
| <b>Consultants:</b><br>Miss Christina Lipede; Mr Lindsay Muir; Mr Zaf Naqui   |
| <b>Aims / Subspecialist Areas of Interest:</b><br><p>This fellowship is designed to give a period of additional experience to a hand surgeon who has completed their training but who would like an extra term of practice before embarking on their consultant career.</p> <p>The fellowship therefore has two sides. A service side, providing out patient clinics and independent operating. And, along side this, a training component, where the fellow will work with the established consultants.</p> <p>This combination is designed to ensure that the fellow has all of the necessary support, advice and encouragement necessary, but whilst starting to learn to manage an independent consultant practice and learn or refine new surgical skills that they were not entirely confident about.</p> <p>We have interests in wrist surgery, nerve surgery, systemic sclerosis and joint replacement surgery.</p> |

**Additional Information:**

Our department prides itself on its friendliness and on the support offered by the consultants. We work as a genuine, integrated, orthoplastic hand surgery unit.

We are all keen on teaching. We have had the privilege of being trainers for the TIG fellows since 2007.

Our consultants hold and have held wide ranging posts, including posts on the BSSH Council and FESSH council, ICHS chairman, co chairman of the EBHS diploma exam, chairman elect of the EBHS diploma exam, Committee of management for Journal Hand Surgery (E); Journal Club for Journal Hand Surgery (E) and examiners for the British Hand Diploma.
